

TREASURERS NOTES

FOR THE FEAST OF KALIMÁT (WORDS) JULY 13, 2023

For reflection:

“The work advancing in every corner of the globe today represents the latest stage of the ongoing Bahá’í endeavour to create the nucleus of the glorious civilization enshrined in His teachings, the building of which is an enterprise of infinite complexity and scale, one that will demand centuries of exertion by humanity to bring to fruition.” — The Universal House of Justice, Ridván 2010

How will Bahá’u’lláh’s teachings about material means help us understand His glorious civilization?

The note below came from one of the Friends after a fundraising event...

“... I hope whoever receives this is doing well and staying healthy.... Although not an Assembly treasurer myself I am writing in reply to the below email with a couple of inspiring stories assistants shared about their fundraisers. (Name of their community) had scheduled a fundraiser and friends had signed up to make pastries to sell. Although the gathering was canceled, those who signed up to bake still did and drove the sweets around to the friends until all were sold, collecting several thousand dollars total. In cluster, there was a fundraiser which they called a “fast food fundraiser” because the cook portioned the food into Tupperware so that the friends could grab one, leave a check for the National Fund, and go.”

Unrestricted (not earmarked) contributions towards the National Fund goal allow for flexibility in supporting the many activities of the Faith. The goal set by the National Spiritual Assembly for this year (2023-2024) is \$48M.
